## EXPERIENCE

### Girls Who Code IBM, NY

July 2017- Present

A Seven week intensive program, where we explore complicated issues revolving around technology and women in STEM.

### P.S. Give- New York

December 2016 - Present

Co-founder and CTO of P.S. Give a mobile app currently in beta testing connecting Public School PTAs directly with donors cutting the cost of transaction fees and service charges

### Engineering Summer Academy at UPenn:

#### Computer Graphics, PA

A five week intensive program, the challenge was to create 3D characters of our own design. Here I learned to work with the modeling software called Maya.

### Ski Butternut, MA

Winter 2015 - Present

Ski Instructor. At Ski Butternut, I instruct children ages three to thirteen in the basics of skiing and snow safety. Similarly, I have instructed the Interclub Race Camp, as well as competed on the race team from winter 2012 to winter 2015.

## EDUCATION

The Dalton School, New York NY

September 2006 - Present

I am a Junior at the Dalton School with focus on Computer Science 3X and Physics.

GPA (unweighted): 3.83

ACT 10: 30

The International Culinary Center,

New York NY- 50 hours

July - August 2016

I have completed 2 teen intensive programs both in traditional cooking and in pastry.
